AI Tools

experience

Megogo
11.2025 - present

Graphic Designer

Created campaign visuals and brand assets for a streaming platform, including paid ads, social media visuals and promo materials. Adapted key visuals across formats and used AI tools for concept search, image editing and creative variations.

Otto Gans
03.2024 - 08.2025

Graphic / Prepress Designer

Managed full-cycle design and prepress projects for logos, print materials and large-format output. Prepared print-ready files, checked sizes, bleed, colors, resolution and technical requirements, and supported projects from brief to final product.

Pixophone
02.2022 - 08.2022

Graphic Designer

Updated the company's logo and visual identity, building a more consistent brand style. Designed business cards, flyers, price lists and Instagram visuals for cohesive print and digital communication.

GrandPan
04.2021 - 06.2021

Board Game Designer

Designed visual assets and layouts for a tabletop game, including custom puzzle elements, banners, posters and print materials, with a focus on usability and production accuracy.

Freelance
07.2020 - 03.2024

Graphic Designer

Created logos, flyers, catalogues, banners, social media visuals and illustrations for local and English-speaking clients. Turned briefs into clear visual solutions for digital and print use.
